### ***Reviews***

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.*

Nearly 3,000 people lost their lives in the World Trade Center towers. and for that reason alone, our nation should make absolutely sure that what gets built on 'Ground Zero' is an inspiring tribute to all who loved the Twin Towers, worked in them, and died there." - David Shuster Since the earliest days of recorded human history, people have constructed buildings not just to provide shelter but to send a message. The earliest texts of Judaism speak of the patriarchs building to mark a place or event, while the Mayan leaders of South America built ziggurats not only to sacrifice their enemies but also to demonstrate their power to others. The Arc de Triomphe in France is just that, an arch to mark France's triumph over both its enemies and itself during the French Revolution and the Napoleonic Wars. It should come as no surprise that in the dark days following the terrorist attacks of September 11, 2001, New York City began searching for some way to demonstrate its recovery and resolve. The obvious way to do just that was to rebuild what had been destroyed. Since there was no way to bring back the lives of those lost, the most straightforward path was to rebuild the Twin Towers that had fallen, but there was more to be done than to just rebuild the lost Twin Towers; the new building was to be bigger, taller, and better than before, as everyone hoped the country would somehow be. In the decade...
